

ELITE AMERICAN CORPORATE SCHOOL

FAGGAN MAJRA, SIRHIND ROAD, PATIALA

LIFE SUCCESS CENTRE *Far beyond grade 12*

STEP 1

I.Q

Anything that can be measured directly such as studies, sports, skills, talent etc is usually from the 20% of the brain called I.Q.
I.Q is appreciably visible & comparable.

STEP 2

E.Q

I.Q. is responsible for hiring, E.Q. for firing. Conceptualised in 1995 by Daniel Golman, E.Q is the fuel for staying hired. E.Q is for long term success in life, for promotions, for happiness, for persistence & tenacity, for determination, for staying ahead, for winning. Strong E.Q will avoid unnecessary friction & without it a person is a misfit in the white collar

STEP 3

E.B.L

OLQ, EBL & Corporate studies will *structure the minds* of the kids right from the beginning for enhanced competitiveness. The kids will behave better, look better, play better, eat better, be more polished and sophisticated & will be better listeners. They will be *leaders in the ever changing environment* and will be able

STEP 4

HEALTH

Development of the STM, LTM, ACL + 4 in SEL environment created using patented methods helps children to remain HAPPY and burden free. Good eyesight, good teeth & overall good health are critical. Monitoring & control of diet in school and at home is part of the school's home management system.
(STM short term memory, LTM long term memory, ACL the learning hormone, +4 the happiness chemicals, SEL social emotional)

STEP 5

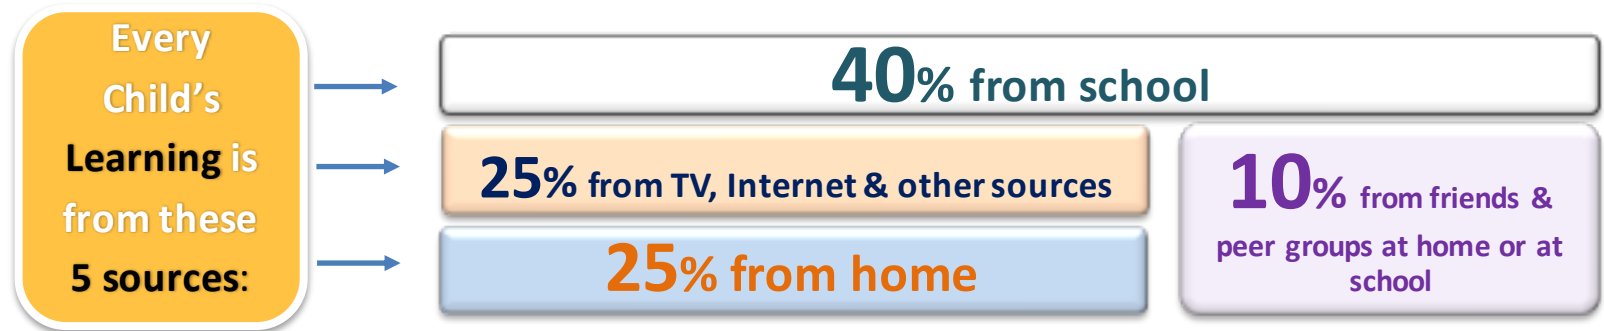

GOOD HOME ENVIRONMENT

IQ is just 20% of the brain. Are you worried about the other 80%?

At EACS we develop both.

Why is it so important for the school & parents to team up?

PARENT'S PLEDGE

- We will read all circulars in seriousness & comply with them. *We will cut-out the bottom part, sign it & send back.*
- We will read and comply with the Annual Calendar & timetable.
- We will make the children revise all classwork at home (*Today's classwork received by night- to be revised tomorrow evening*).
- We will comply with the school's [Home Management System](#). We will provide our kids a studying corner with ample light. *The school is welcome to visit our home for the HMS.*
- We will follow the Dining Management Plan at home and send pictures periodically to the school.
- We have understood the above diagram and will do our best to protect the child from any bad influences of Society. We will use proper language at home with the child and ensure that the child practices the same etiquette, behaviour, phrases etc taught daily at the school.
- We will use only the RCA Head Office Complaint Form for all possible complaints. We know that every complaint will be given a serial number and resolved professionally & permanently. *We understand that this will ensure implementation.*
- We understand that the equipment provided for free to our child is actually not free and is paid for by someone else, including from CSR funds.
- We will fully try to understand the 19 types of dress codes. *If we have any doubt we will ask the school for clarifications. These codes are used across the Corporate world in America, Europe, Japan and India.*
- We are aware of the timing of the school and will take admission only if we agree to these timings.
- We will understand the FEES PLAN properly and pay all the fees on time. *We understand that no reminders will be given for the fees. After the due-date the services will be stopped without notice & the lifetime discounts cancelled. FINE PER DAY for Post Dated Cheques – Rs 50. We will abide by the annual increments and Slab change increments.*
- We understand the school's multi-category discount system and will not compare our child with other children unnecessarily.
- We promise to attend the training seminars & will not send the grand parents or older siblings as replacements.
- We will not talk against the school or teachers in front of the children, even at home. *This creates adrenaline in their bloodstreams, and if done frequently, it manifests as gradual disobedience in the child's mind and they suffer over a period. 'Talking small' has the same effect.* We will follow the rules of conversation at home.
- We will ensure that a good diet is provided to the children as per the diet plan. We are aware that there is a doctor at the campus who will monitor teeth, eyes (vision 6 x 6), BMI and diet. We are aware that we have to get the vision of the child checked every 6 months from a doctor (if the school gets it checked then the charges are extra at Rs 200 per six months).
- We are aware about teenagers and their problems.
- We know that each child is different and that we will not compare any two children.

Sign of Father / Mother
